## Collection G

With this Collection the garden can be made into a veritable fairyland by scattering the various varieties in groups about the grounds. Especially in front of shrubs and evergreens, the effect is most picturesque. This collection consists of 3 bulbs each of the above 20 Darwin Tulip varieties. Separately packed and labeled.

**60 for \$6.40**

## Rainbow Mixture of Darwin Tulips

This Mixture is well proportioned as to color. It consists of light, dark, and intervening shades, not too many bright colors or too many pale ones, but harmonizing, bright and striking. Besides the almost perfect beauty which this Mixture exhibits in the garden, it gives a wealth of flowers for cutting.

**12 for \$1.00 100 for \$7.50 25 for \$1.95**

## COTTAGE TULIPS

Their flowers are mostly long and pointed. The delicate colors harmonize perfectly with the other May-flowering Tulips. All are excellent for cutting and many varieties are fragrant.

# HERALDS OF SPRING

The finding in bloom of the "First Flowers of Spring" is a great event and one of the genuine delights of life. No garden, however small, should be without the lovely "Heralds of Spring." They take very little room and, once planted, they reappear and bloom each spring.

## CROCUS

For showy displays, Crocus should always be planted in groups or masses. They will grow in many places—in the lawn, in flower beds, in rock-gardens, in sun or shade, and even under trees.

## DUTCH IRIS

Of all the spring-flowering Iris, this is the finest and most satisfactory race. They produce large flowers on strong stems, which not only make them preferable as cut-flowers but also effective in the flower garden, in beds, groups and edgings. For best effect plant them closely together. They come to bloom in June and after the May-flowering Tulips are through blooming. Dutch Iris may be left in the ground for years in succession, if planted in a sunny location.
